## VALUE PROPOSITION

Experienced Reservoir and Exploitation Engineer consistently creating and adding value through:

- Enhancement of Reserves and Resources
- Increase in Production
- Reduction in Capital and Operating Costs
- Business Development and Growth
- Excellence in Quality and Safety
- Use of Technology and Analytics

Worked in North and South America, Middle East, and South East Asia in both conventional and unconventional Oil & Gas. Considered an expert in heavy oil & bitumen in-situ thermal design, planning, development and operations.

## SKILLSET

### TECHNICAL SKILLS

RESERVES & RESOURCES	ECONOMIC EVALUATION
RESERVOIR ENGINEERING	PETROPHYSICS
FIELD DEVELOPMENT	STEAM ASSISTED GRAVITY DRAINAGE
THERMAL RECOVERY	CYCLIC STEAM STIMULATION
RESERVOIR SIMULATION	HEAVY OIL & BITUMEN
PRODUCTION ENHANCEMENT	RESERVOIR MONITORING
OILFIELD SERVICES	UNCONVENTIONAL RESOURCES

### SOFT SKILLS

COLLABORATION	LEADERSHIP
COMMUNICATION	PROBLEM SOLVING & ANALYSIS
MANAGEMENT	SELLING
PROJECT MANAGEMENT	INTEGRATING TEAMS
CAPACITY BUILDING	MOTIVATING
MENTORING	INFLUENCING
MULTI-CULTURAL ADAPTABILITY	PERFORMANCE MANAGEMENT

## EXPERIENCE HIGHLIGHTS

### SUBSURFACE MANAGER (Consultant)

Tallahassee Exploration Inc., Canada 2018 – 2020

- Led acquisition activities to grow the company from 500 boe/d to 1,500 boe/d
- Optimize and increased conventional production by 50%

### DEVELOPMENT & PRODUCTION MANAGER

PTTEP Canada Limited, Canada 2012 – 2015

- Led multi-disciplinary Full Field Development Plan and successful application for 20,000 bpd SAGD project
- Executed drilling campaign of 38 Oil Exploration wells

### SR. RESERVOIR ENGINEER/ DEVELOPMENT COORDINATOR

Husky Energy Inc., Canada 2009 – 2012

- Doubled Tucker production from 3,000 bpd to 6,000 bpd
- Saved >80 Million \$ in potential capital costs on RLD
- Solved slotted liner plugging issues – solution replicated by Shell at Orion

### MANAGER SUBSURFACE OPERATIONS

Dewan Petroleum Ltd., Pakistan 2004 – 2007

- Managed subsurface operations in a 4-person team to make a >200 BCF gas discovery by re-entry wells
- Executed stim. plans to increase gas production by >100%

### FIELD SERVICE MANAGER, Reservoir Evaluation

Schlumberger-Egypt, Venezuela, Mexico, Pakistan 1996 – 2003

- Provided Wireline Services to international E&P clients
- Managed 28 person Wireline, Testing & Slickline services base for BP

## EDUCATION

### UNIVERSITY OF ENGINEERING & TECHNOLOGY

Lahore, Pakistan  
Bachelor's Degree in engineering

### INSTITUTE OF BUSINESS ADMINISTRATION

Karachi, Pakistan  
Certificate Courses in Management, Marketing, Cost Accounting and Financial Accounting
